VERA

Cross-border enforcement of road traffic violations

Project details	
Domain	Rules and enforcement
Duration	from 01/01/1998 until 31/12/2000
Website	
Other sources	 VERA1 final report (563 KB)

The VERA project (1998-2000) took a wide-ranging view of the status of road traffic law enforcement across the European Union. Based on this assessment, it explored opportunities to harmonise legal and operational issues in the areas of cross-border enforcement and the type approval of enforcement equipment.
